Hello Firefighter Stair Climb Challenge Participant;

The members of the Calgary Firefighters Association, IAFF Local 255 want to pass on our sincere thanks for your willingness to participate in the first annual Calgary Firefighter Stair Climb Challenge.

This event is the vision of family member of a fallen firefighter who passed away from cancer and after years of hard work and dedication it has come to fruition. With the help of the key sponsors and an amazing event staff firefighters from across North America are going to climb one of the foremost buildings in Canada. The Bow Building is the tallest building in Western Canada with participants climbing 775ft and the highest elevation stair climb in the world at 3400ft above sea level.

But this event is about much more than just climbing to the top of an incredible building and raising some money for a very worthy charity. It is about Firefighters coming together to support and take care of each other and to continue to support the communities we love. We are extremely fortunate to be able to be a part of such a special profession and all of our Calgary members are honoured to host you in our City. So please enjoy yourselves and know that you are making a significant impact to Wellspring Calgary and helping people with cancer.

Thanks again and we look forward to seeing you at the top of the Bow!

Regards,
