

April 2015

Dear Firefighter,

On behalf of the Calgary Firefighter Benevolent Society, I would like to welcome you to the first annual Firefighter Stairclimb Challenge.

As a firefighter, you are often required to climb stairs as a routine part of your job. By participating in this challenging athletic event, you again are helping others. Your participation in the Firefighter Stairclimb Challenge will have helped support fellow brother and sister firefighters who are in need. As you know the occupation of firefighting has many risks, not least of which is cancer. Proceeds from this event will be used to help support programs that assist firefighters who are stricken with this terrible disease.

The Calgary Firefighter Benevolent Society is an organization committed to helping firefighters and their families cope with a variety of medical and health conditions. We are proud to be a supporter of this event and wish you the best of luck on climb day. We thank you for your participation and especially for making this event possible!

Sincerely,

Ian Crosby

Board Member
Calgary Firefighter Benevolent Society
